NOMINATING COMMITTEE REPORT

The following nominees are submitted by the Nominating Committee for voting at the Annual Meeting

The following Directors will all serve a two-year term:

South Region (Directors) – Beverly Skovgaard

Central Region (Director) – Glenn Winograd, Valarie Siemer

North Region (Directors) – Alicia Davis

ADDITIONAL NOMINATIONS MAY BE MADE FROM THE FLOOR PRIOR TO VOTING.

PROPOSED AMMENDMENT

During the Annual meeting, members will be asked to vote on a change to the current by-laws, revising the current requirement to elect Vice Presidents from each of 3 Regions.

Changes in the numbers and location of members in more recent times have made this requirement difficult to comply with.

A copy of proposed change is printed on page 7 in this newsletter.

AMHA MEMBERS-IMPORTANT!

You will soon receive your ballot for the 2011 election. This year, as an effort to resolve the ongoing lawsuits the Association has agreed to include a proposed reorganization proposition by the plaintiffs. This is known as "Proposition 3". Among the requirements would be:

- candidate for the AMHA board must declare whether he/she is a "show" member or "utility/sport/enjoyment" member
- 50% of the candidates must be "show" and 50% "utility/sport/enjoyment"
- All Regional representation is eliminated
- Board is reduced from 17 to 11 positions.

"The AMHA Board of Directors is opposed to this proposal because we feel that it does not enable all geographic areas to be represented. This proposal also does not allow members to elect the representative of their choice due to the imposed "show" and "utility/ sport/ enjoyment" equal distribution requirement. Further, this could enable candidates with fewer votes to be placed on the Board over candidates with higher votes. There are many other reasons that we feel that this is not in AMHA's best interest, including the belief that we are "one breed" regardless of the way we use our horses - therefore this proposal would further divide the membership. We urge you to carefully weigh this proposal and vote NO to item 3."

Clearly this has HUGE implications for AMHA. More than ever before, it is vital that every member take the time to consider effect it will have and SEND IN YOUR BALLOT!

HARVEST DAYS SHOW-Wraps up 2010

McKenzie and Prince at the Harvest Days Horse Show

Dani Lail and RWF Titledown

FMHA MEMBERS SHINE AT GRAND NATIONAL

MCKENZIE WUNDERLE

The 2010 Harvest Days horse show marks the last showing of McKenzie G. Wunderle in the walk/trot class for 11 year old and under. McKenzie will be riding in the walk, trot, canter youth division for the Morgan horse show year of 2011'. As the Harvest Days horse show marks the last show for the Morgan horse show year, McKenzie's new show series competitions has just begun. McKenzie is a member of an Interscholastic Equestrian Association (IEA) riding team out of Odessa Florida. The team will compete throughout Florida riding Hunter on the flat and jumping. This team riding venture will provide McKenzie with canter experience as well as jumping experiences too. The most exciting aspect of this new venture is that; McKenzie could earn college scholarships for her and the team members too.

Jim Wunderle

Florida folks made their usual good showing in Oklahoma this October. On top of many nice class placements that came home to the Sunshine State, these members won the high honers in Grand National and World Championships:

WC ENG PL 3-YR & Futurity

RCV PATENT PENDING, Kathleen S Gatiem

GN PARK HARNESS JR EXH 15 & UNDER &
res WC Jr Ex

CELEBRITY MARQUEE, Nicola Varveris

WC WEST PL LADIES

CHERRYDALE MELANIA, Stoney Point Farm
(sorry if any others were missed)

Also, the cover of this year's program featured the artwork of FMHA member, Sally Ann Lyle. It was an illustration of a western pleasure horse in salute to the heritage of the show's host city.

NOVEMBER TRAIL RIDE

The Trail Ride for FMHA and friends to benefit St Judes Childrens Research Hospital was a fun success!

We had eighteen horse and rider combinations, and several more people came out that didn't ride. We rode over 2 hrs, had perfect weather, and had a very tasty cookout after the ride. We had so many horses we couldn't fit them all in one picture!

We are talking about another trail ride on east coast beaches in Dec. or Jan.

BE AUTUMN FLAMBE 2/1987-11/2010

I want to thank all our wonderful friends for their phone calls, emails and cards, and let you know how much they were appreciated. You guys are the greatest bunch of people we know, because you all have experienced yourselves our loss. Special thanks to Winograds of West Coast Morgans, Anne, you are too much, she called at least 3 times a day asking how she could help, what she could do. I have had show horses since I was 9 years old, a wee bit older than that now, haha, and I literally thought I had seen every possible horrible and tragic thing possible with horses. I was wrong. The worst I witnessed on November 17, 2010.

My husband Fred had brought Autumn, his World Champion and Scotsdale Regional western pleasure Champion to Florida 18 years ago, when they moved from California. Since then she became part of my life. Yes, we all know and expect that our beloved horses are not going to live forever, but a tragic ending like this was beyond comprehension. I have loved all my horses, but have never had as strong a bond with any of them as Fred had with Autumn, they were truly beautiful together.

Last Wednesday, our wonderful electric gate man was here to fix our gate, brought his 5 year old daughter, and we offered to give her a pony ride bareback on 24 year old Autumn. Long story short, Autumn became skittish, very unlike her, we took the child off just in time, Autumn went down on her back legs, and fell on the concrete cracking her head and separating her spine which at the time we did not know. As we waited for the vet she had tried to get up 3 more times, each resulting in falling again and hurting herself even worse. If you have ever heard the saying someone would have given their life for their horse, my husband is living proof. He was attempting to prevent her from hitting her head anymore, and in the process she fell on him 2 more times. The vet & neighbors were here for 4 hours trying to get her up, and when it was concluded that she had no feeling in her back legs, we had the vet perform our final act of love. Fred escaped it all with 6 broken ribs and a broken heart. We had a burial company come & bury her in one of our pastures. Autumn was an Arabian, and came into the world in Fred's arms and left the same way.

We are keeping Mary Jean Bonfili's show horse THK The Wild Adonis, Donny, while he is taking a break from the show ring and he is just a lost soul without Autumn, they bonded immediate when he came.

Almost everyday I was going to take pictures and videos of Autumn and Donny together, but was forever saying, I will do it tomorrow, but our tomorrows ran out for those pictures and videos. The purpose of this article is not to put tears in your eyes, but to conclude with, take those pictures and videos, and pet and tell your horses you love them everyday, as there may not be a tomorrow.

-Vicki Eby Parr

I'M ON A "FIXED INCOME"

My income goes to:

Fix the tractor the Morgan chewed on

Fix the gate that the Morgan decided to re-configure

Fix the divots in the yard when the Morgans decided to nibble on hubbys lawn

Fix the paint on the truck where the Morgans tasted it
Decided they didn't like one spot and tried several others to make sure.

While I'm at it, fix the rear-view mirrors because the Morgans decided they were more useful turned upside down.

Fix the gate latches so the Morgans no longer can let themselves in and out at will and be neighborly at 3 AM

Fix the feed buckets so the Morgans don't scatter them making me walk 3 miles just to feed.

Fix the tack room door so the Morgans don't decide to play nibble on the saddle/bridle/blanket

Fix the feed room door so the Morgans can't munch 3 weeks of feed in an hour.

Fix the hay room door so the Morgan can't turn 100 bales of hay into one big hay pile

Fix the water trough so the Morgans can't decide to inspect what is under that trough, daily.

After all, who know what might be lurking under there

And last, **fix** my schedule so I can spend as much time as possible with these Morgans.

Thanks to Sue Martin for these "fixes" - there are surely more that all of us have experienced!

REUSABLE GROCERY BAG

WIN A MORGAN

Have you always dreamed of owning your own Morgan horse? Now you can, thanks to the American Morgan Horse Association, Team Morgan, and Copper Beech LLC! The 2010 AMHA/Team Morgan's Win a Morgan Horse Contest is underway and one lucky person will be the winner!

The contest is open to any youth, age 21 and under, who is interested in owning a Morgan horse. The applicant will complete an application, essay, DVD, and include two letters of reference and submit the package to AMHA by Wednesday, January 19, 2011 at 5 p.m. EST. The entry fee is \$50. The winner will be announced at the American Morgan Horse Association's annual convention on February 24 in Boston, Massachusetts. The winner is responsible for transportation of the horse to his or her own location from Richmond, Massachusetts.

This year's contest horse is CBMF Stolen Kisses. A coming two-year-old, "Latte" is by GLB Bell Pepper and out of Chocolate Kisses, a full sister to world champion Continental Vision. Latte is a very beautiful chestnut with a flaxen mane and tail and made her show ring debut in August by winning the Yearling Filly In-Hand class at Mass Morgan. She has the size and attitude to be a successful in the hunt or western divisions. Most importantly, she has a wonderful personality that will make her a best friend to her lucky new owner!

Ann Hailey of Copper Beech LLC in New Albany, Ohio, once again has generously donated a Morgan horse from her breeding program as the prize. In 2008, CBMF Walk The Line was won by Christie Little of Harrington, Delaware, and in 2009 Katarina Barrett of Middletown, Maryland, was the winner of CBMF Phoenix.

For more information on this contest, please contact Christina Koliander at (802) 985-4944 ext. 402 orchris@morganhorse.com.

NEW FROZEN SEMEN RULES

On September 22, 2010, the AMHA Board of Directors approved changes to the Registry Rules and Regulations. The primary reasons for the changes pertain to frozen semen breedings due to the elimination of the Certificate of Service from the Registration Application and the Frozen Semen Certificates. In cases where frozen semen is shipped in lieu of fresh cooled semen, the responsibility for filing the Stallion Service Report is being returned to the Stallion Owner or owner of the frozen semen used for a particular breeding. The recent revisions outline what party can/must sign a Stallion Service Report when frozen semen is used. In addition, a new section to the Registry Rules was added; Section 6: Notice of Frozen Semen Transfer. This form must be used when multiple units of frozen semen from one stallion are given, sold, or otherwise transferred to breed more than one mare. The Notice of Frozen Semen Transfer is solely for reporting purposes; it is not a contract. It is the responsibility of the parties to ensure compliance with contractual obligations.

If you are a stallion owner or mare owner who plans to breed using frozen semen, please review the Registry Rules and Regulations, which can be found at www.morganhorse.com/registry/rules_regulations/. Please refer to Rule 2, Section 1-A and Rule 9, Section 1 and Section 6. These revisions go into effect October 1, 2010 and affects all Stallion Service Reports submitted after this date.
